

OUT OF THE DARK

Tuesday November 29, 2011

9 am to Noon

Eastern Idaho Public Health

CAUSES AND EFFECTS OF ALZHEIMER'S DISEASE

In recognition of Alzheimer's Disease Awareness Month, this half-day free workshop is designed for caregivers and practitioners.

The workshop features:

- Dr. Troy Rohn (Professor, Department of Biology, Boise State University) will present the science of Alzheimer's Disease and the efforts of the Idaho Alzheimer's Planning Group.
- Presentation of the documentary, Caregivers, from HBO's "The Alzheimer's Project".
- Presentation of the Evidence Based Program, "Building Better Caregivers", sponsored by the Idaho Commission on Aging and the National Council on Aging.
