

Amedisys Home Health Director of Operations Position.

Requisition #: 11-7836
Title Director of Operations - Home Health
City Idaho Falls
State ID
Job Description **BE A VISIONARY**

Dream big. Think outside the box. See the possibilities. Offer creative solutions – Amedisys listens

Amedisys began more than 25 years ago as a dream in a living room in small-town Louisiana. Since that time, we have grown into a national company with over 15,000 employees and 500+ agencies across the country and Puerto Rico, but have never lost sight of why and how we got here.

Amedisys Home Health Services is a leading provider of home health and hospice services. As a national company, we have a far reach and have positioned ourselves as an industry leader in quality care and as the company that is reducing acute care hospitalization.

As our growth rapidly continues, we are seeking dynamic employees to aide in our mission: to provide cost-efficient, quality home care services to the patients entrusted in our care.

REMEMBER WHY WE ARE HERE

We are here to exceed the expectations of our patients, clients, and their families by providing excellent clinical care and premier service

Our patients are our number one concern, and we hire individuals who are passionate about enabling those patients to recover faster, while maintaining and improving their quality of life, in the setting they prefer – at home. As a Director of Operations with Amedisys, you will be part of one of the fastest growing segments in the health care market. Our motto, service is our passion, says it all. If you share these goals and values call us today and learn more about joining the Amedisys team!

As a *Director of Operations* at Amedisys you will:

- Assure state and federal regulatory compliance applicable to home health and reimbursement issues.
- Educate all staff members about state and federal rules and regulations
- Acts as a liaison between staff, patients, physicians, and other health care providers.
- Continually monitors clinical episode management and provide direction/redirection as necessary
- Work with all members of the medical community to promote home care services.
- Recruit, hire, orient, assign, evaluate and guide staff positions to meet

- agency and patient needs
- Ensure delivery of quality care to patients, enhancement of business development, and continuous improvement of agency efficiency and fiscal success.
- Be positioned for Career Advancements within Amedisys.
- Receive excellent Benefits to include a lucrative salary, Continuing Education credits, and specialty rehab programs
- Work with team members who share your passion

Requirements

QUALIFICATIONS

1. Current and unencumbered license to practice as a Registered Nurse specific to that state the employee is assigned to work by the company with at least one (1) year supervisory or administrative experience in home health care, hospice care, or related health programs.
2. **Nurse Licensure Compact (NLC)** documents the following: The mutual recognition model of nurse licensure allows a nurse to have one license (in his or her state of residency) and to practice in other states (both physical and electronic), subject to each state's practice law and regulation. Nurses must legally reside in a NLC state to be eligible to have a multi-state license.
3. Minimum of three (3) years experience as a registered nurse with one (1) of these years consisting of full-time experience in providing direct patient care in the home health setting.
4. Two (2) years home health experience preferred.
5. Demonstrates knowledge of Federal, state, local and ACHC regulations.
6. Demonstrates organizational and communication skills which would enable effective interaction with agency staff, patients, families, physicians, health care providers, and the community.
7. Possesses current driver's license, agency required liability insurance, and reliable automobile transportation.
8. Current CPR certification.
9. Must be familiar with general use and functions of the computer, such as, user names and password concepts; internet; e-mail; navigation of computer desktop, including starting programs, using files, and windows, effectively use navigation buttons and tool bars; ability to self-manage online HR services and online training programs.
