# The Greater Idaho Falls Chamber of Commerce

## Mission Statement

The Greater Idaho Falls Chamber of Commerce is a voluntary organization of individuals and businesses that have joined together to advance the commercial, financial, industrial, civic, and social interests of the greater Idaho Falls area.

### Networking & Exposure

The Greater Idaho Falls Chamber of Commerce receives numerous inquiries each day from local residents, people relocating to the greater Idaho Falls area, tourists and visitors. Be assured that we refer our members in response.

All member businesses receive a listing on our website, [www.idahofallschamber.com](http://www.idahofallschamber.com), giving your company exposure to the world. We include a map to your location. You will receive a username and password so you can keep your company's information current and enter a description so the world knows what your company or organization is about. (Words used in the description serve as keywords for internet searching.)

The weekly Forum Luncheon and the monthly Business After Hours provide opportunities to meet contacts from other member organizations. These events are designed so you can meet your new customers, suppliers, friends and even mentors! Come prepared to exchange business cards and ideas. Remember, any of your staff may attend our activities to represent your business.

We offer affordable opportunities to promote your business to the community and other members. You may choose to place your brochure in the "Members Only" rack at the Eastern Idaho Visitor Information Center or take advantage of one, or all, of our events and programs. We coordinate the Area Business Connection in the spring each year,

the Taste of Idaho in June, the parade and the Liberty Festival on the Falls on Independence Day. We host the Annual Scramble for Commerce Golf Tournament in late summer. We offer affordable advertising opportunities in the weekly e-newsletter and on the Chamber website.

### Representation

In 2004, the Greater Idaho Falls Chamber of Commerce celebrated its 100th anniversary. Throughout the years, we have proudly led the way in business and promoted growth in the greater Idaho Falls region. In the late 1940s, when the Department of Energy named Idaho as the location for their new atomic energy site, the Chamber leadership worked diligently to persuade the DOE to name Idaho Falls as the city where the Site's headquarters would be located.

The Chamber works hard to represent the interests of the greater Idaho Falls business community. Our representatives attend community, state and national meetings and a variety of other business functions to ensure that the best interests of the business community of our area are considered when decisions are being made.

When a business joins the Greater Idaho Falls Chamber of Commerce, a membership in the US Chamber of Commerce is included at no additional cost. *Chamber members . . . Doing business with integrity.* Look for a membership sticker or certificate where you do business.
